NOTICE.

To Our English-Speaking Friends:
The Chinese merchants and residents of the Hawaiian is ands, represented by the tundersigned, veing desirous of providing for their sons a thorough and comprehensive education in English, raised in pledges from August to December, sufficient funds to instify them in undertaking to erect commodious buildings for this purpose in Kamakela. The contract was let and the main buildingspartially completed, when the plag is broke out and interrupted the work. As you well know, our countrymen have been the greatest sufferers from this ecidemic and the fires connected with it. Consequently those who generously subscribed toward the school enterprise, being called upon to donate large sums for the relef of their fellow-countrymen who have suffered severely from the fire, find themselves unable to fulfill their pledges at present. The mobiliding is now on the p int of completion, and the contractor, himself home lets, is in great need of his money.

In this emergency and because we be lieve vou recognize that our motives in undertaking this enterprise were philanthropic, our object a commendable content to all parts of the character. The chorna did what they had to do well and a very fine bill was rendered.

Saturday the company will give a mattinee for the ladies and children, 25 cents to all parts of the house.
